

# Mastering Your Digital Camera

- Camera modes.
- Exposure triangle (shutter, aperture & ISO)
- Metering modes.
- Drive modes.
- White balance.
- Basics of flash.
- Adding a flash (external).
- Histogram

Mastering Your Digital Camera is the foundation for all other workshops. This workshop will teach you to effectively use all camera functions and take your photography to the next level.

This workshop is designed for SLR cameras although any camera capable of full manual control may be used.

This workshop is booked through McBain Camera. Please contact them at 780-420-0404.

Participants should bring the following:

- Camera & lens
- Camera manual
- Memory cards
- Additional battery
- Tripod
- Pen & Paper
