

# What Their Saying

- *This was a great course and Robert is an excellent instructor who is happy to share his knowledge, tips and tricks. I'm very happy with what I've learned.  
..... Shirley*
- *Very interesting and informative. Took the fear out of using the camera in manual settings.  
.....Paul*
- *Robert was excellent. Having homework was essential for learning. Able to "dummy it down" for us new learners. I would recommend this course.  
.....Kerry*
- *Good course. I plan to take more classes, so someday I can surpass my sister-in-law who does wedding photography. Good to know my camera to take better photos of my kids.  
.....Bonnie*
- *Very well presented. Took time with each student, none left behind. Was a very hands on course.  
.....Ron*
- *I am finally beginning to figure out aperture thanks to this class. Glad I took the class before I went out in the field with my new macro lens.  
.....Sam*
- *Enjoyed the class, lots of new ideas. Another class for additional practice would be nice.  
.....Maggie*
- *Great...exactly what I was looking for.  
.....Denis*
- *Having the workshop over three weeks was good because it enabled me to try the principles over a longer period of time and bring samples and questions back to the next class for feedback.  
.....Neil*
- *Excellent class, I learned a lot and would recommend it to anyone.*
